Summer Internship Opportunities

Promotions Internship

April or May - August

Mankato Softball will hire various interns for the 2024 season. Softball interns will have the opportunity to work hands-on in vital roles within the organization over the course of the season. Internships are full-time and unpaid but can be used for school credit or general experience. The hours will fluctuate based on the amount of home games each week. All home games are required between the hours of 12:00pm – 11:00pm and beyond depending on the game. Otherwise, Monday – Friday as need on non-game days. Expect to work most weekends from May – August. The hours can be as low as 20 on a non-game day week and increasing to 80+ on a home game heavy week. There will also be some nights and weekends of pre-season work to get ready for the season. Each intern will be involved in learning to operate ticket sales and daily operations. The job duties below are the areas you will most focus in, but you must be willing to accept responsibilities outside of your job description and help out in other areas of the organization due to the small nature of the office staff. Mankato Softball is looking for passionate, self-motivated individuals striving to go above and beyond, ultimately creating the best experience for our fans.

Promotions Intern (2) –

Candidate must have strong verbal communication skills and be very organized.

- Organization and logistics of promotions including decorations, costumes and events
